All intelligent people in Richmond have been noticing with deep but various interest the GREAT LOWERING OF PRICES that has been going on at Mayer's. All this spring, whilst every line of business has been doing less than last year, Moyer's sales have been increasing and increasing. This has given Meyers great opportunities of buying the newest things as effered by the manufacturers; for the prices being so low, they sell quickly and make room for the still newer things. But as the season wears on greater lewering of prices is necessary, and new is the time when dollars spent at Meyer's do almost double duty. If you co not know this, some of your neighbors must, for Meyer's Low Prices have surely created lots of talk. More than 60 patterns—200-plece lot. Satin stripe, black ground, figured muslins, spots, dots, figures, crosses, etc. Black with blue. Black with lavender. Black with blue. Black with pluk. Black with light blue. Black with relieved black with white. Black with relieved black with white. Black with relieved black with wellow. Choice of any pattern is \$\frac{1}{2}\cdot \text{q}\cdot \text{y}\text{ard}\cdot.

Such goods were sever sold under \$\frac{1}{2}\cdot \text{q}\cdot\text{until Meyer's lowered the prices.}

A man can buy a good Negligee Shrt for it, but can he buy as good a one for that price as can be bought at Meyer's? We doubt it, for ours are made of geneine Percales, in the most approved fashion, and the laundrying is perfect. We have all sizes, in very light, medium, and dark colors.
